WHEREAS, The California Environmental Health Specialist Registration Committee's mission is to safeguard life, health, property, and public welfare by regulating the practice of registered environmental health specialists in California, and

WHEREAS, The Registration Committee's vision is to promote excellence in the field of environmental health,

THEREFORE BE IT RESOLVED, that the Registration Committee expects each California registered environmental health specialist to acknowledge, accept, and abide by the following code of conduct and ethics:

- Above all; Integrity, Respect, Performance Excellence, and Accountability shall be at the core of my values and professional career.
- I will represent my registered status and the registration itself to my professional peers, and to the public I serve. I will endeavor to guard the public's interests fairly, wisely, and efficiently.
- I shall endeavor to keep myself current and informed regarding the changing priorities, concepts and concerns of environmental health.
- I shall endeavor to raise the standards of health to the highest attainable levels, as the enjoyment of health is an inalienable right of every human being without distinction of race, religion, cultural background, economic, or social condition.
- I will do nothing to undermine, detract from, or otherwise cause to develop any damaging associations with respect to my registration status. I accept that any activity on my part that will cause the profession any measure of injury serves as a breach and a failure on my part to uphold this code of ethics.
- I will conduct myself honorably, responsibly, ethically, and lawfully. Moreover, I accept that certain actions, for which I might be responsible, could result in the revocation or suspension of my registration.
