Trauma Scene Waste (TSW) Management Practitioner Checklist

All Trauma Scene Waste Management Practitioners are required to register with the Department of Public Health (Department). A trauma scene waste management practitioner is a person who undertakes, as a commercial activity, the removal of human blood, human body fluids, and other associated residues from the scene of a serious human injury, illness, or death, **and** who is registered with the Department (Health and Safety Code [HSC], Section 117778). A current list of [Trauma Scene Waste Management Practitioners](#) is available on the Department website: cdph.ca.gov/medicalwaste

Complete the Trauma Scene Waste Management Practitioner Application (CDPH 8668A) and submit it to the Department. Please include an application and fee for each physical address used by the business for trauma scene waste management. Please attach additional sheets when necessary to complete your response. [The application](#) is available on the Department website at: <https://cdph.ca.gov/CDPH%20Document%20Library/ControlledForms/cdph8668a.pdf>

If applicable, provide information on all registered hazardous waste haulers that are used to transport trauma scene medical waste collected. Note: Trauma Scene Waste Management Practitioners are not required to be a registered hauler unless also transporting waste picked up from a medical waste generator. [HSC Section 118321.1(c)]

Provide information on facilities used to transfer and treat trauma scene waste. Attach a copy of the current year service agreement with the permitted medical waste transporter(s), permitted offsite transfer station(s), permitted offsite treatment facility, or approved mail-back system (REQUIRED). For renewals, also include recent proof of disposal.

Submit the proper fee(s) with a check made payable to the Medical Waste Management Fund, and mail to:
