

# CHAMPIONS FOR EQUITY

## What is Champions for Equity?

The Champions for Equity (C4E) initiative supports the implementation of the Shared Vision for Healthy and Resilient Communities and provides a unique opportunity to recognize state and Local Public Health Jurisdictions that prioritize health equity to advance environmental, policy, and systemic change. By sharing resources, and recognizing equitable practices and services supported by local and state government, C4E initiative aims to embed equity into everyday culture, and organization infrastructure to improve health outcomes of communities in greatest need.
