

# 5 Critical Hand Hygiene Moments for EVS Staff

**Every EVS hand  
hygiene moment  
matters!**

**Perform hand hygiene for at least  
20 seconds using soap and water or  
alcohol-based hand rub (ABHR).**

**1**

**When entering a resident room and  
before putting gloves on**

**2**

**Between dirty and clean tasks**

**3**

**Between cleaning resident bedspaces**

**4**

**Before touching clean items on a  
cleaning cart**

**5**

**Upon leaving a resident room and after  
removing gloves**
